

GRIEFLESS AS ATTACK STORY SAYS

Given Down Under Grilling, Confesses Wealthy White And Not Negro Committed Assault.

LYNCHING IS AVERTED

ROCKVILLE, Md., August 19.—Mrs. P. H. Sprague, 19 years old, of Silver Spring, Md., has related her story that she had been attacked by a Negro, and that this man was an inmate of the State Prison, who had been released on parole. She said that she was in the company of Mr. Charles B. and Mrs. Virginia Parkhurst, of Berwyn, Md., with whom she was in company, Parkhurst later confessed, and the three were taken to the State Prison, where they were held for a night. Mrs. Sprague said that she was not hurt, and that she was not afraid of the Negro.

False Report Spread
Following the attack, which was broadcast by newspaper and by mouth, that a white girl, Mrs. P. H. Sprague, had been attacked by a Negro, a false report was spread that the Negro had been killed. This report was later found to be untrue.

Breaks Down
Mrs. Sprague could not stand the grilling of Deputy Sheriff Gay, and she broke down in tears and exposed the whole story in a public hearing. She was then released, and the Negro was taken to the State Prison.

When asked why she accused a Negro Mrs. Sprague declared she did it to protect her reputation. She said that she was not afraid of the Negro, and that she was not hurt.

Parkhurst Held
Parkhurst was held by Sheriff H. Glavin and Joseph C. Cissell, State's Attorney in Rockville. Following several days' grilling, young Parkhurst was held for formal charges, which were placed against him. He was then released, and the Negro was taken to the State Prison.

Colored Farmer One Year Grew 12,150 Bushels More Than Any Other Grower In The World.

Was Born Slave, But Struggled Up To Riches And Independence. Was A Heavy Investor.

KANSAS CITY, Kansas, August 19.—John C. Groves, the "Negro potato king" who at one time raised more potatoes than any other grower in the world, succumbed to a heart attack at his home here, Monday. He was 68 years old. The grand old man suffered ill health for several months, but his wife's determination would not allow him to quit. He managed to keep at his work until his last day of potatoes from this year's crop was sold two weeks ago. He then retired to his home, where he remained until the fatal stroke came.

Born In Slavery
Groves' career is packed with that of the greatest potato growers in the United States. Although he was born a slave, he was not flattered in his desire for a fruitful life. He was born in Green County, Kentucky, in 1857. He was a free man, and he was a heavy investor.

With A Real Hand
The electric and enterprising young Groves had barely 50 cents in his pocket when he arrived in Kansas. He soon found work on a farm at the wages of 40 cents a day. J. T. Williamson, the owner of the farm, saw him and gave him a job. He worked for him for two years, and then he was released. He then moved to Kansas, where he began his remarkable rise to fame.

Grandly Trained
Grandly trained in Tallapoosa, where he raised sixty acres of land, he moved back and forth for three years. He then moved to Kansas, where he began his remarkable rise to fame.

TRIP AROUND THE WORLD BY THE MRS. WALKER CO.

Wonderful Opportunity To See The World Wonders. A Visit To Fifteen Different Countries And Thirty-Five Choice Cities.

NOTHING LIKE IT BEFORE OFFERED

INDIANAPOLIS, Ind., Aug. 19.—Have you seen Havana, Cuba—the Paris of the Western Hemisphere? No monument to the one-time great hero of Spain and the darling of her sailors? No, but the trip around the world offered by the Madam C. J. Walker Manufacturing Company of this city, just three days after the four lucky candidates have set sail from New York on their globe circuit, tour, Havana will greet them with "Como ella debe" and show them the famous Columbus cathedral which held the bones of the great discoverer until they were removed to Seville, Spain, the fortress of San Juan, the old Governor's palace, the statue of President Maceo, that let us hasten to the fort of San Juan, the old of the Great Panama canal.

Contrasting this picturesque tropical Latin-American city is the thriving American settlement of Cristobal, for 4234 natives follow our pilgrims will have a chance to study the engineering miracle of this artificial waterway between two mighty oceans—Gates lake, 56 feet above the sea, and the world's largest artificial lake, Miraflores lake, Pedro Miguel locks, the great Gatun locks, Gatun dam, and finally Balboa, the Pacific terminal port of the canal. The winner of this matchless contest will go ashore here and visit the old city of Panama six miles away, with its historic ruins of the oldest European town on the mainland of America.

On to Hawaii. Around the edges of Mexico and Lower California, Los Angeles will be reached, and also San Francisco, from whence a southwesterly course will be struck to Hawaii. Here friends of the hands of some smiling maiden will bid the welcome of these most affable people to the world voyagers. Ample opportunity will be afforded to view the volcanic island at Waikiki and the countless other wonders of the 16 volcanoes rising out of the Pacific to form the Hawaiian group.

Afterward will come Japan, Korea, China and the Philippines, and at last we do not measure the distance from Honolulu to Japan. It is all the way from where we started, and everything is different—houses, customs, life, religion—all cast in a different mold. Here we see the remains of richly decorated temples, marvelous shrines, picturesque natural scenery, many temples and shrines, and the old world of the East, which will live indelibly in the memory of the traveler.

Into the Mediterranean. So it will be the remainder of the way through the entrancingly beautiful Par. East—Jax, India, Senegal, and into the historical waters of the Near East and the Mediterranean sea. Even "Maiden" in the old home town will have a new seat after four months' travel into 35 cities in 15 different foreign countries.

Impossible though it may seem, all these wonderful sights on this matchless trip are obtainable to any church, fraternal, civic, charitable or educational executive as guest of the Madam C. J. Walker Manufacturing Company of this city. An invitation is extended to every eligible man, woman and child to communicate with the Madam C. J. Walker Manufacturing company for full details on how to make a free trip around the world.

CHICAGO RIVALS N.Y. AS MECCA FOR NEGROES

WASHINGTON, August 19.—Characterizing that section of New York City, known as Harlem as "The World's Largest Negro City," the "Negro's World Capital," the "Negro Zion" and as the "Mecca for all Negroes who seek opportunity with a capital 'O,'" a versatile writer, Mr. Chester T. Crowell, presents a very clear and interesting sociological study in a recent issue of "The Saturday Evening Post" concerning that much talked of community or city within a city. A careful analysis of the facts, however, seem to indicate that Harlem is a Mecca only for colored people in the Atlantic seaboard states, the West Indies and in our country possessions. People from these places, in addition to the native New Yorkers, constitute 92 per cent of the colored population in the "Negro's Zion."

"Mecca" in productive industry, in business and in finance. In fact, they boldly assert that the dwellers in Harlem "The World's Largest Negro City" do not get the proper mileage out of their gas and that a "Mecca" without a banking institution, of a Jukebox, is a joke.

EMPLOYEES HELPED BY HENRY FORD'S STORES

DETROIT, August 19.—Negro employees of the Ford Motor Company are reaping full earnings in the purchase of meats, groceries, drugs and shoes sold in the Ford Stores and available only to employees and members of their families. The reduction in prices under the Ford store plan has been so noticeable recently that it became necessary to exclude the general public in order to maintain Ford workers, whose employer pays in such bulk as to effect marked savings.

CHURCH GOES BROKE

Associated Negro Press. NEW YORK, N. Y., August 19.—Mount Calvary Independent Methodist Church gained the unenviable distinction this week of being the first church to ever record a petition in bankruptcy in the local federal court. The church is, or was, an incorporated institution. Liabilities were given as \$316,781 and assets \$226,225.

**75,000 Y. M. C. A. BLDG.
TO GRACE LOS ANGELES**

LOS ANGELES, Calif., August 12.—The finest Y. M. C. A. building exclusively for the use of Negroes west of the Mississippi River, is under way here. The building, which is to occupy a four-story structure on the California Exposition grounds, is planned by the National Association of Spanish-Speaking Catholics, with cost approximately \$750,000. Plans for the office are being made by Paul R. Williams, who has been a member of the Ninth street

of the Reading colored architects' preliminary drawings were speeded last week.

The new building will be erected on the corner of Twenty-ninth street and Paloma Ave. in a district where at 25,000 of Los Angeles, 324,000 live, according to T. A. Green, executive secretary of the Ninth Street building. The building will occupy 2000 feet of floor space. It is expected to be completed within eight months.

The money for the new Y. M. C. structure was obtained through successful campaigns in June, 1922.

London women now wear sombreros.
The simplest marriage bureau has been
opened for England.
